

The JCAHO Spelling Bee says:

When in doubt

Spell it out

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Spell out **UNITS**
and **AT**.

Don't use "U"
and avoid the
@ symbol.

To improve patient safety and to reduce medication errors, JCAHO has identified common abbreviations that should be spelled out to avoid misinterpretation.

This applies to all clinical documentation, orders, progress notes, consultation reports and operative reports.
